

IN THE SPECIFICATION

Please amend Page 16, lines 22-28 as follows:

Pigments and organic pigments are materials well known in the art and have an established meaning to those skilled in the art. ~~A useful compendium of lists and sources of pigments may be found at~~
~~<http://www.marketresearch.com/product/display.asp?ProductID=510628&view=tee>~~
~~where a reference text on pigments and dyes may be purchased, which list and reference text is incorporated herein by reference.~~ Organic pigments include those containing chromophore groups such as: azo type, phthalocyanine type, quinacridone type, anthraquinone type, dioxazine

Clean amended text for the amendment to Page 16, lines 22-28 is as follows

Pigments and organic pigments are materials well known in the art and have an established meaning to those skilled in the art. Organic pigments include those containing chromophore groups such as: azo type, phthalocyanine type, quinacridone type, anthraquinone type, dioxazine
